

(b) However, the bond shall not be terminated until all outstanding liability under it has been discharged. Upon termination, the appropriate TTB officer shall mark the bond "canceled," followed by the date of cancellation, and shall issue a notice of termination of bond. A copy of this notice shall be given to the principal and to each surety.

§ 17.112 Notice by surety of termination of bond.

A surety on any bond required by this part may at any time, in writing, notify the principal and the appropriate TTB officer in whose office the bond is on file that the surety desires, after a date named, to be relieved of liability under the bond. Unless the notice is withdrawn, in writing, before the date named in it, the notice shall take effect on that date. The date shall not be less than 60 days after the date on which both the notice and proof of service on the principal have been received by the appropriate TTB officer. The surety shall deliver one copy of the notice to the principal and the original to the appropriate TTB officer. The surety shall also file with the appropriate TTB officer an acknowledgment or other proof of service on the principal.

§ 17.113 Extent of release of surety from liability under bond.

The rights of the principal as supported by the bond shall cease as of the date when termination of the bond takes effect, and the surety shall be relieved from liability for drawback allowed on and after that date. Liability for drawback previously allowed shall continue until the claims for such drawback have been properly verified by the appropriate TTB officer according to law and this part.

§ 17.114 Release of collateral.

The release of collateral security pledged and deposited to satisfy the bond requirement of this part is governed by the provisions of 31 CFR part 225. When the appropriate TTB officer determines that there is no outstanding liability under the bond, and is satisfied that the interests of the Government will not be jeopardized,

the security shall be released and returned to the principal.

Subpart F—Formulas and Samples

§ 17.121 Product formulas.

(a) *General.* Except as provided in §§ 17.132 and 17.182, manufacturers shall file quantitative formulas for all preparations for which they intend to file drawback claims. Such formulas shall state the quantity of each ingredient, and shall separately state the quantity of spirits to be recovered or to be consumed as an essential part of the manufacturing process.

(b) *Filing.* Formulas shall be filed on TTB Form 5154.1, Formula and Process for Nonbeverage Products. Filing shall be accomplished no later than 6 months after the end of the quarter in which taxpaid distilled spirits were first used to manufacture the product for purposes of drawback. If a product's formula is disapproved, no drawback shall be allowed on spirits used to manufacture that product, unless it is later used as an intermediate product, as provided in § 17.137.

(c) *Numbering.* The formulas shall be serially numbered by the manufacturer, commencing with number 1 and continuing thereafter in numerical sequence. However, a new formula for use at several plants shall be given the highest number next in sequence at any of those plants. The numbers that were skipped at the other plants shall not be used subsequently.

(d) *Distribution and retention of approved formulas.* One copy of each approved Form 5154.1 shall be returned to the manufacturer. The formulas returned to manufacturers shall be kept in serial order at the place of manufacture, as provided in § 17.170, and shall be made available to appropriate TTB officers for examination in the investigation of drawback claims.
